Best long mobile games. Long term android games. Best long android games. Long android games. Best long term android games.

The best Android games are designed to keep you entertained for hours. Whether you're into strategy games, first-person shooters, puzzle games, and more, there's sure to be a game on the Play Store that you'll love. The challenge is to browse the many titles in the Play Store and find the most attractive games, and while many of the best Android games are free, you will find some games that charge a fee to download. You might be wondering if a particular paid game is worth it to you. Don't worry, we've collected the best of the best in one place across several different categories. Whether you want to spend hours role-playing, playing something with your friends, or testing your strategy skills, we've got you covered with the best Android games we've seen. Your phone offers more than just games. potential, so when you're done, why not explore the best Android games organized by category. Why you can trust Tom's Guide Our expert reviewers spend hours testing and comparing products and services so you can choose the best one for you. Learn more about how we test. You can play social multiplayer games with friends or family, both locally and online. It's a fun time to meet up or just chat with friends on Discord chat. "Between Us" (Image credit: Inner Lenth/Valve). Its insane popularity may be waning, but Between Us is still a fun game that can ruin friendships. This is a game about cheating. Somewhere between five and ten players gather and complete missions in space. Even if there is a cheater among you - sometimes some of them). Ordinary teammates will have to survive an impostor who is trying to kill everyone. A good cheat turns the team against others and blames himself. It's usually fun. Download Between Us: Play Storein a new tab) Ticket to Ride is the mobile version of the great train board game that many love and enjoy. It can support up to five players in play-and-play mode (or locally if everyone has the game on their devices). Technological possibilities make the game for a party or the whole family for a healthy competition. Download Ticket Ride: Play Store (opens in new tab) Triple Agent (Image credit: Tasty Rook) For us, Triple Agent is a scam. There will be two teams, one of which will be tasked with recruiting the other team. Be careful not to be deceived or misled as this may affect your team. The game is played on a single device and the rules are explained during the game. This is another great party game that brings people together by pitting them against each other. Download Triple Agent: Play Store (opens in new tab) Who Can't Draw (Image credit: One Third) Who Can't Draw is similar to the modern version of Pictionary, but for Android. The first person then has 15 seconds to copy the drawing and pass it on. The last person tries to guess which original word was based on the last picture. This is really great entertainment for groups who want to play one of the best games on Android. Download Who Can't Draw: Play Store (opens in a new tab) Best Android Games: Shooters There's a good reason shooting games are so popular among Android. Whether it's first person or third person, you can bet that these top Android games will fulfill your shooter need. Apex Legends, the popular free-to-play battle royale game, is now available on mobile devices. It's an amazing first personit is very similar to the original game. While the touchscreen controls feel a bit cramped, you can still use a controller (which is what we recommend you do). At the beginning, you have a choice of several legends that unlock as you fight for supremacy. If you've never played Battle Royale before, Apex Legends is probably one of the best games to try. Download Apex Legends Mobile: Play Store (opens in a new tab) Call of Duty: Mobile (Image credit: Activision) Call of Duty: Mobile was met with some skepticism when it was announced, but quickly disappeared when people adopted the Android version of the game hit the their hands. This is an incredibly well-made shooter for mobile devices that has a lot of weapons and a lot of objects to hunt. The controls - touchscreen or controller - are very responsive. You can also choose from multiple game modes such as Death Match, Battle Royale, and ranked playlists. Depending on your preferred weapon, grenades, secondary weapons and attachments, absolutely amazing customization options are available. Gunsmith adds even more depth and lets you customize your favorite weapons to suit your playstyle (as well as attachments and camos to chase down). As far as free to play, Call of Duty: Mobile is one of the best options on the entire list. Check it. Download Call of Duty: Mobile is one of the best options on the entire list. Doom and Doom II (Source: Bethesda) Doom and Doom II are the ancestors of first-person shooters. Their arrival on Android didn't start well, but after Bethesda patched some key vulnerabilities, the ports are pretty solid. Both have controller support, a wider aspect ratio, and a higher refresh rate. If you want to try gaming history, these two games are worth your time. They will either take you back in time or help you understand where we are now in the shooter genre. Download Doom: Doom from the Play Store (opens in new tab); sinking IIPlay Store (opens in new tab) PUBG Mobile (Image credit: Tencent Games) PUBG has made its way to mobile as well, and like Call of Duty, the Android version was pretty good. Battle Royale looks great on mobile thanks to its intuitive interface and great controls. It's a fairly impressive game that is full of things to do and has a lot of modes to try. Despite the presence of Call of Duty: Mobile, PUBG Mobile stands out as one of the best Android games thanks to its large player base and constant updates. Download PUBG Mobile: Play Store (opens in new tab) The best Android games: Puzzle Games Puzzle games thrive on Android, in part, because of their scalability - almost anyone can pick up a puzzle and join the fun. The term "puzzle" covers many different genres - from physics-based games to logic puzzles - so you may have to play around to find one that works for you. Bridge Builder Portal (image source: Headup), one of the best Android games. It's the perfect blend of two great series where you fight the laws of physics and the weirdness of Aperture Labs. The goal remains the same: build a bridge to get the car safely from A to B. It's easier said than done, but you'll find out when you start. Not only will gravity fight you, things like portal (opens in new tab). A game where you have to cause as much chaos as possible in a small town. You channel a hole in the ground to collect items on the surface, and the hole grows bigger each time something falls below your depth. Finally, you take buildings and other structures, the trigger. It sounds stressful, but with beautiful and simple graphics and a cool atmosphere, this game is anything but stressful and chaotic. There's also a bit of history, and taking over an entire city has ramifications. But the text is fun and the game will keep you engaged for an hour or two. Download Donut County: Play Store (opens in new tab) The Eyes of Ara (Image credit: 100 Stones Interactive). If you liked Myst and Riven from the good old days, Eyes of Ara might be for you. This is an adventure puzzle game that will constantly delight you with beautiful scenery. Some of the puzzles are pretty crazy, but the treasures you find will keep you going. Not to mention the immense sense of satisfaction you get from solving one of the puzzles. The Eyes of Ara is an amazing game that brings what we all loved about Myst and Riven to your phone. Download The Eyes of Ara: Play Store (Opens in a new tab), Monument Valley 2 (Image credit: Ustwo Games) You can't talk about mobile puzzle games without mentioning Monument Valley (Opens in a new tab), although in this case we suggest you go ahead. These M.K. Escher-inspired games force you to think outside the box to solve problems and literally change your perspective to achieve your goals. They really are special. Beautiful artwork and a minimalistic story make Monument Valley 2: Play Store (Opens in a new tab) The Room: Old Sins (Image credit: Fireproof Games) The Room series is often considered the pinnacle of puzzle games and well worth the time and money spent. Best of all is The Room: Old Sins, where you'll solve challenging puzzles and solve a mysterious missing persons case. It is nicethe music and atmosphere create an eerie atmosphere. Download The Room: Old Sins: Play Store (Opens in a new tab) Thumper: Pocket Edition is the other side of the coin. It's a surprisingly chaotic rhythm game, or "rhythm violence" as the developers call it. If you like an intense and fast-paced game where you have to rely on your reflexes, this is the game for you. Thumper isn't easy, but it's a lot of fun. There's even a new game mode where things get even more intense. Try it if you want to immerse yourself in chaos Download Thumper: Pocket Edition: Play Store (Opens in a new tab) Transmission (Image credit: Science Museum) Transmission is a soothing online puzzle game. It can be quite complex and challenging, but it's also a lot of fun and a real brain workout. is simple, the art style is beautiful and you will love the logic puzzles that Transmission brings you. Plus, it's completely free with no ads or in-app purchases, making it one of the best games for Android. Download the broadcast: Play Store (opens in a new tab) Vectronom (Image credit: ARTE Experience) Vectronom is another musical puzzle game., though it's not quite the same as the aggressively chaotic Thumper. Instead, Vectronom is more psychedelic, offering a puzzle-platformer that grabs you right away. Each level challenges you in a different way, forcing you to overcome difficulties, adapt and succeed. These levels have their own themes, mechanics and ways to keep you on your toes. The Vectronom is a great time killer and well worth the investment.3D Platforms were more of a niche before the explosion of mobile games, but are now back in fashion. Some of the best Android games on the Play Store fall into this category. Castlevania: Symphony of the Night (Image credit: Konami) The amazing classic from Konami Castlevania: Symphony of the Night has been back on Android for a while now, and it works well deservedly. A lot of people were playing this game back then, and it was so influential that it, along with Super Metroid, defined the whole Metroidvania game back then, and it was so influential that it, along with Super Metroid, defined the whole Metroidvania game back then, and it was so influential that it, along with Super Metroidvania game back then a so influential that it, along with Super Metroidvania game back then a so influential that it, along with Super Metroidvania game back then a so influential that it, along with Super Metroidvania game back then a so influential that it, along with Super Metroidvania game back then a so influential that it, along with Super Metroidvania game back then a so influential that it, along with Super Metroidvania game back then a so influential that it, along with Super Metroidvania game back then a so influential that it, along with Super Metroidvania game back then a so influential that it, along with Super Metroidvania game back then a so influential that it, along with Super Metroidvania game back then a so influential that it, along with Super Metroidvania game back then a so influential that it, along with Super Metroidvania game back then a so influential that it, along with Super Metroidvania game back then a so influential that it, along with Super Metroidvania game back then a so influential that it, along with Super Metroidvania game back then a so influential that it, along with Super Metroidvania game back then a so influential that it, along with Super Metroidvania game back then a so influential that it, along with Super Metroidvania game back then a so influential that it, along with Super Metroidvania game back then a so influential that it, along with Super Metroidvania game back then a so influential that it, along with Super Metroidvania game back then a so influential that it, along with Super Metroidvania game back then a so influential that it, along with Super M of Castlevania with all the extras from the previous variants. Enter Dracula's Castle and find out what awaits you inside. Like Doom and Doom II, this game has a lot of nostalgia, but is a great port in itself. Download Castlevania: Symphony of the Night: Play Store (Opens in a new tab) Dead Cells (Image credit: Playdigious) Dead Cells has solidified its positioned as a highly complex roguelike with Soul-like elements that have made a name for themselves. It's basically a simple game, but every time, which makes it a challenge. But don't get spoiled by the game. While you'll find tons of challenges, you'll also find amazing achievements and tons of loot to keep you busy. Approach each situation carefully and you'll be fine. Download Dead Cells: Play Store (opens in new tab) Grimvalor (Image credit: Direlight) Grimvalor is part platformer, part role-playing game. It's a timing game whether you're dodging or attacking. It's quite an interesting game and really fun to play, although some will find the final bosses to be demanding and / or annoying. Even so, it's hard not to like Grimvalor, who slowly increases the challenge as the game progresses. There are a few harsh levels of difficulty, but endurance is enough Yippee. The developers let you try the first act for free before purchasing the rest of the game. Download Grimvalor: Play Store (opens in new tab) Oddmar (Image credit: Mobge Ltd) Oddmar is a cute platformer about an exile viking mission. It's a beautiful game with beautiful art and great gameplay. Oddmar is a cute platformer about an exile viking mission. It's a beautiful game with beautiful game beautiful game with beautiful game look of the game. Another great thing about Oddmar is the controls, which are extremely well designed. In fact, you might find you don't even miss the controls are so good. As with Grimvalor, you get the first Oddmar volume for free with a paid unlock afterwards if/when you fall in love with it. Suzy Cube is another platform game on this list of best Android games. This is a 3D platformer similar to many modern Mario games. Each new level offers its own challenges as you try to recover your kingdom's stolen gold. As you explore, you should find bonuses scattered throughout the levels. It's a light-hearted adventure, marred only by lackluster touch controls. Download Suzy Cube: Play Store (opens in a new tab) Best Android Games: RPGs RPGs or role-playing games are often large, hour-long investments in story, characters, choices, combat, and often exploration. The RPG genre is huge and thankfully Android has some of the best ever created. Baldur's Gate II (Source: Beamdog/BioWare) Baldur's Gate and its sequels are classic PC RPGs from before smartphones. Later, however, they were ported to Android games. Think of Baldur's Gate as Dungeons & Dragons through and through, with just enough BioWare support to make the game stand out. It does not matterYou play it's a huge job with a lot of content. Baldur's Gate is a classic fantasy tale that is worth your time and money. And if you like what you see, there are other classic D&D RPGs ported to Android such as Neverwinter Nights (opens in new tab), Icewind Dale (opens in Baldur's Gate from the Play Store (opens in a new tab) and Baldur's Gate II from the Play Store (opens in a new tab) Genshin Impact is still one of the most played games in the world, and for a very good reason. Despite some dodgy gacha mechanics and monetization, the game is a great twist on The Legend of Zelda: Breath of the Wild formula. You have a huge open world to explore and plenty to do. You have to use the elemental battle system and group heroes to get the most out of your time in Genshin Impact. This is quite an addictive game that supports cross-save with the PC version. Download Genshin Impact: Play Store (opens in a new tab) NieR Re[in]carnation (Image credit: Square Enix) Nier Reincarnation introduces a gacha mechanic in Yoko Taro's existential horror series. It's about a girl locked in a cage, lost in the open air to atone for her sins. Along the way, you will meet a creepy character who calls himself Mom and leads the girl through the cage. Nier Reincarnation is a quirky game, as you'd expect from Yoko Taro. The game itself is command based, where you give orders to your characters to fight. For those who wish, there is an automatic mode. As a gacha game, Nier Re[in]carnation Play Store (opens in new tab) Star Wars: Knights of the Old (KOTOR) is considered the best of all time. Set thousands of years before the movies, KOTOR lets you cross the line between the light side and the dark side, allowing you to take sides as you wish. It's another big game in BioWare's portfolio, and that's a good thing. favorite Of course, as Yoda pointed out at the end of The Empire Strikes Back, there's one more... Download Star Wars: Knights of the Old Republic: Play Store (opens in new tab) Star Wars: Knights of the Old Republic II (Image Credit: Aspyr Media/Obsidian Entertainment) The sequel to the original KOTOR, Star Wars: Knights of the Old Republic II, was developed by Obsidian and took a more subtle approach to the Star Wars formula. The characters are morally grayer and your choices seem more important than in the first KOTOR. This port is very well designed with a mobile friendly interface. It retains its original appearance, which adds to its charm. It's one of the best RPGs of all time, and no wonder considering it's from Obsidian. Download Star Wars: Knights of the Old Republic II: Play Store (opens in a new tab) Titan Quest (Image credit: HandyGames/Iron Lore) The original Titan Quest came during a lull after the release of Blizzard's favorite RPG Diablo II This game took a lot from that that people loved about Diablo, and gave it an ancient mythology. The end result is a fantastic game with lots of loot and titans to kill. The Android port has recently been updated to match what you'll find on PC these days, which means even more content and plenty of bug fixes. All in all, you have a great game here. Download Titan Quest: Play Store (opens in a new tab) Vampire: The Masquerade - Night Road (Image credit: Choice of Games LLC) Vampire: The Masquerade - Night Road is a text-based role-playing game set in a dark world. You play as a vampire courier because you have delved into things far beyond your paycheck. The story is well written and the choice is yoursabout the result of the match. Overall, the writing is great, especially if you like the world of darkness or vampires in general. The player has a lot of freedom and can create a character that really suits him (with two additional clans available as DLC). Download Vampire: The Masquerade - Night Path: Play Store (Opens in a new tab) Best Android Games: Strategy games make you think about your decisions. Many of them are turn-based, allowing you to consider carefully what you're about to do and what the consequences might be. If that's your approach to your game, you'll find plenty of strategy options among the best Android games. Gwent (Source: CD Projekt Red) Gwent is a spin-off of the popular The Witcher 3: Wild Hunt minigame. It's a deck builder similar to Hearthstone, but set in the universe of The Witcher. You'll also see characters you know and love from books and games. The player with the most points at the end of the round wins. Each card has a point value, but your opponent increases his strength by attacking your card. This is a careful strategy game. Download Gwent: Play Store (Opens in a new tab) Hearthstone as the king of Android card games needs no introduction. If you love the Warcraft universe, this strategy game is for you because Blizzard has created an exciting and rewarding experience. One of the best things about Hearthstone is its accessibility, as well as its incredibly high skill level. Some people spend hours on this game and it's easy to see why. Download Hearthstone: Play Store (Opens in a new tab)Legends of Runeterra (Image Credit: Riot Games)Legends of Runeterra completes the trio of great deck builders for Android, but takes place in the League of Legends universe. It works almost like Hearthstone, but you don't have to learn it all over againbrand new game. Download Legends of Runeterra: Play Store (opens in a new tab) Reigns: Her Majesty (Image credit: Devolver Digital) In the Reigns series, you control your kingdom by swiping cards left or right to make decisions meeting. In the Her Majesty version, you play as the queen of the earth and try to control all four pillars of the kingdom. However, move too far to one side and your reign will come to an end. This is a fun game with lots of easter eggs and jokes. It's also a deceptively simple game that really makes you think about how you want to act. Download Reigns: Her Majesty: Play Store (opens in a new tab) Total War is another classic game ported to Android became. This is a large-scale strategy game in which you take part in massive battles to conquer the ancient world. Turn-based combat adds to an already huge campaign. You can also download two expansions: Barbarian Invasion (opens in a new tab) if you want more content. Overall, Rome: Total War: Play Store (opens in a new tab) and Alexander (opens in a new tab) if you want more content. a new tab) The best Android games offer a wide range of options. In the end, it's all about getting to the finish line first at all costs. Asphalt is a long-running racing series of choice for mobile devices. The series is pushing the boundaries for both good and bad, and the ninth iteration of Legends is no different. You have the opportunity to drive beautifully designed supercars to become a street legend. Overall, Asphalt 9 is a great racing game held back only by its monetization tactics. Download Asphalt 9: Legends: Play Store (opens in a new tab) The data wing bears the obvious from the movie Tron. It's a great game to transfer data from one place to another. The story is functional, the soundtrack is good, and the controls are spot on. This is a great game for retro fans. Data Wing: Play Store (opens in a new tab)GRID Autosport (Image credit: Feral Interactive/Codemasters) GRID Autosport is the first racing game for Android. As a console port, it has incredible gameplay and graphics, and some of the best racing action on the Play Store. However, it requires a powerful Android game is a must for fans of racing games.Download GRID Autosport: Play Store (Opens in a new tab)Mario Kart Tour (Photo credit: Nintendo)Mario Kart 8 Deluxe). The classic DNA is still there, just for mobile. While you might want a more authentic Mario Kart experience, Tour is a fun little racing game for people who don't necessarily want the high-octane action you'll find elsewhere on our best Android games list. Download Mario Kart Tour: Play Store (opens in a new tab)Riptide GP: Renegade (Image credit: Vector Unit)Riptide is another long-running series, but this one involves speedboats (or, more specifically, hydrojets). Renegade is the same action a lot of people grew up with, only on your phone. The story isn't bad, as the game feels like the equivalent of illegal street racing, only on water. Riptide GP: Renegade offers a lot for the asking price. It also supports online and local multiplayer with split screen. Download Riptide GP: Renegade: Play Store (Opens in a new tab) Best Android Games: Sports Games Sports action moves to the small screen, The best Android games for everything from soccer to baseball to soccer. When it comes to a ball, bat, or bat, there's likely an Android version of the sport to match. (Image credit: Konami) Konami's eFootball PES is a soccer game with tight controls, solid gameplay, and rewarding outcomes. Konami is trying to get into the sport as it offers a great online competitive mode. The difficulty of the game adapts to your playing style. If you are a football fan this might be something for you. Download eFootball PES 2021: Play Store (Opens in a new tab) Madden Mobile (Image credit: EA) Surprisingly, there aren't many football games on Android, so basically you can only use Madden. It's not as bad as it sounds - Madden is a good game, but you have to learn every monetization tactic in order to play. If you can take it, this is your soccer fix. Madden offers competitions, seasons and strategies that will change the way you play. This is the only way to play as your favorite team on Android. Download Madden Mobile: Play Store (opens in new tab) MLB 9 Innings 21 (Image credit: Com2uS) for Android. 9 Innings has had a major refresher in recent years with all the MLB action you could ask for. There are also mobile optimizations like one-handed mode. Depending on your preferences, you can choose to play offensively or defensively, whichever suits you. Otherwise, autoplay may take over. The game also features online play. Download MLB 9 Innings 21: Play Store (opens in a new tab) NBA 2K20 is a premium sports game for Android that is definitely a rarity. It looks and plays great, and you can argue that this is the best overall sports game on the Play Store. You don't even have to like basketball to appreciate NBA 2K20. Multiple game modes are available including a GM mode to create your perfect team. downFor the price, you get a lot of content and it's definitely something to be said for. Download NBA 2K20: Play Store (opens in new tab) Today's Top Razer Kishi Deals (opens in new tab) (will open in new tab) tab) Yiew (opens in new tab) (opens in ne
